

SAFECARE

THE NEW WAY TO MANAGE YOUR WORKERS' COMPENSATION PROGRAM

Makes a complex insurance line simple and easy for you to manage

Powered by one of Australia's largest insurers, QBE

Obtain support from a team of workers' compensation and health specialists

Provided at no extra cost to your workers' compensation premium

As a valued customer of JLT we are totally committed to offering you the best possible range of products and services that provide real value for money. We understand your employees are fundamental to keeping your business running. Having an employee absent as a result of a workplace injury can increase your running costs and put a strain on resources.

JLT has developed a new way for businesses to better manage their workers' compensation insurance – SafeCare.

SafeCare takes a complex line of insurance and makes it simple for you to manage – allowing you to focus on running your business, without the worry of having people off work.

FREE CONSULTING SUPPORT

Through SafeCare you will have access to JLT specialists who can help with managing your policy (including your industry classification), assist in renewal and adjustment of policies, support in providing wage declarations, provide a certificate of currency, and assist in the management of injuries and claims. All subscribers to SafeCare will be entitled to access these consulting services at no cost.

Where you require more comprehensive support, JLT's workers' compensation specialists can help to build a tailored service model to meet your needs, and your budget, to eliminate the payment of unnecessary premium.

POWERED BY QBE INSURANCE

SafeCare is powered by one of Australia's largest insurers and one of the world's top 20 general insurance and reinsurance companies, QBE. Workers' compensation insurance coverage will be underwritten by QBE for all SafeCare subscribers, and appointed as the agent for

the WorkCover schemes in NSW and Victoria. QBE will provide you with the support and expertise of Australia's largest global insurer.

HELPING YOUR EMPLOYEES RECEIVE FIRST CLASS TREATMENT AND RETURN TO WORK SOONER

JLT is the only insurance broker in the market that wholly owns and operates an in-house rehabilitation business. WorkStreams is an approved, ISO accredited 9001:2000 occupational rehabilitation company that provides a range of comprehensive return to work solutions to enhance rehabilitation outcomes, remove the complexity of managing claims, and ultimately reduce your premium.

As a SafeCare subscriber you will have access to the entire WorkStreams team, including registered psychologists, physiotherapists, rehabilitation counsellors, exercise physiologists, occupational therapists, redeployment specialists, and more.

HOW DO I TAKE ADVANTAGE OF JLT'S SAFECARE PRODUCT FOR WORKERS' COMPENSATION?
